

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alvin Winograd
DOCKET NO.: 07-21601.001-R-1
PARCEL NO.: 10-24-420-031-0000

The parties of record before the Property Tax Appeal Board are Alvin Winograd, the appellant(s), by attorney Julie Realmuto, of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,358
IMPR: \$ 56,720
TOTAL: \$ 65,078

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry construction containing 2627 square feet of living area. The dwelling is 44 years old. Features of the home include a partial, unfinished basement, central air conditioning and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story masonry or frame and masonry dwellings that range in age from 53 to 60 years old. The comparable dwellings range in size from 2015 to 2899 square feet of living area. Two have partial basements, and two have full basements, one of which is finished. All have central air conditioning, and two have fireplaces. The appellant did not include any data concerning garages for the comparables. The comparables have improvement assessments ranging from \$16.56 to \$19.53 per square foot of living area. The subject's improvement assessment is \$21.59 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story masonry dwellings that range in age from 36 to 61 years old. The dwellings range in size from 2034 to 2100 square feet of living area. Features include central air conditioning and one-car to two-car garages. Two have full basements, one of which is finished, and one has a partial, unfinished basement. One has a fireplace. These properties have improvement assessments ranging from \$21.90 to \$22.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables #2, #3 and #4 should be given reduced weight in the Board's analysis because they were of a different exterior construction than the subject. The Board also finds the appellant's comparable #1 and the board of review's comparables should be given less weight in the Board's analysis because they were much smaller in living area than the subject. Although the comparables all differed significantly from the subject, the Board notes they had improvement assessments that ranged from \$16.56 to \$22.43 per square foot of living area. The subject's improvement assessment of \$21.59 per square foot of living area is within the range of all comparables. The Board finds the appellant has not established the subject in inequitably assessed by clear and convincing evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
