

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Gierum  
DOCKET NO.: 07-21705.001-R-1  
PARCEL NO.: 09-27-420-017-0000

The parties of record before the Property Tax Appeal Board are John Gierum, the appellant(s), by attorney Julie Realmuto, of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 8,448**  
**IMPR.: \$ 36,773**  
**TOTAL: \$ 45,221**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one and one-half-story dwelling of masonry construction containing 1384 square feet of living area. The dwelling is 66 years old. Features of the home include a full, unfinished basement, central air conditioning, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted basic assessment information on seven properties but provided sufficiently detailed property characteristics information on only four comparable properties. They were described as one-story frame or frame and masonry dwellings that range in age from 51 to 75 years old. The comparable dwellings range in size from 1513 to 1712 square feet of living area. All lack basements, and one has central air conditioning and a fireplace. The appellant did not include any data concerning garages for the comparables. The comparables have improvement assessments ranging from \$19.23 to \$20.42 per square foot of living area. The subject's improvement assessment is \$26.57 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of one-story masonry dwellings that range in age from 45 to 52 years old. The dwellings range in size from 1200 to 1342 square feet of living area. Features include full, finished basements, central air conditioning and one-car or two-car garages. One has a fireplace. These properties have improvement assessments ranging from \$26.58 to \$28.29 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by both parties were not similar to the subject in design. The appellant's comparables also differed from the subject in exterior construction and in their lack of basements. The board of review's comparables also differed from the subject in that they had finished basements. The comparables had improvement assessments that ranged from \$19.23 to \$28.29 per square foot of living area. The subject's improvement assessment of \$26.57 per square foot of living area is within the range established by the comparables and is lower than half of them. The Board finds the appellant has not established the subject is inequitably assessed by clear and convincing evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
