

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shewfelt  
DOCKET NO.: 07-21807.001-R-1  
PARCEL NO.: 09-25-122-030-0000

The parties of record before the Property Tax Appeal Board are Shewfelt, the appellant(s), by attorney Julie Realmuto, of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$10,773  
IMPR.: \$37,584  
TOTAL: \$48,357**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame and masonry construction containing 1728 square feet of living area. The dwelling is 47 years old. Features of the home include a full, finished basement and a one and one-half-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted basic assessment information on seven properties but provided sufficiently detailed property characteristics information on only four comparable properties. They were described as one-story masonry or frame and masonry dwellings that are 47 or 50 years old. The comparable dwellings range in size from 1710 to 1792 square feet of living area. Three have partial basements, and one has a full, unfinished basement. Two have central air conditioning. The appellant did not include any data concerning garages for the comparables. The comparables have improvement assessments ranging from \$20.94 to \$21.75 per square foot of living area. The subject's improvement assessment is \$25.81 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of one-story or one and one-half-story masonry or frame and masonry dwellings that range in age from 49 to 57 years old. The dwellings range in size from 1455 to 1686 square feet of living area. Features include full, finished basements, one or two fireplaces and two-car garages. Three have central air conditioning. These properties have improvement assessments ranging from \$25.96 to \$31.55 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the appellant's comparable #4 and the board of review's comparables #1, #3 and #4 should be given reduced weight in the Board's analysis because they were of different exterior construction or design than the subject. The board also finds it should give less weight to the board of review's comparable #2 because it was substantially smaller than the subject and had central air conditioning and two fireplaces not enjoyed by the subject. The Board finds the appellant's remaining comparables #1, #2 and #3 were similar to the subject in size, design and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$20.94 to \$21.47 per square foot of living area. The subject's improvement assessment of \$25.81 per square foot of living area is significantly higher than the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
