

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Heidkamp  
DOCKET NO.: 07-21863.001-R-1  
PARCEL NO.: 09-35-409-001-0000

The parties of record before the Property Tax Appeal Board are Donald Heidkamp, the appellant(s), by attorney Julie Realmuto, of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 12,860  
IMPR.: \$ 50,733  
TOTAL: \$ 63,593**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame and masonry construction containing 2434 square feet of living area. The dwelling is 59 years old. Features of the home include a partial, unfinished basement, central air conditioning, a fireplace and a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one and one-half-story frame, masonry or frame and masonry dwellings that range in age from 84 to 112 years old. The comparable dwellings range in size from 2492 to 3040 square feet of living area. Three have partial basements, and one has a full, finished basement. All lack central air conditioning, and only one has a fireplace. The appellant did not include any data concerning garages for the comparables. The comparables have improvement assessments ranging from \$18.36 to \$18.63 per square foot of living area. The subject's improvement assessment is \$20.84 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of one-story frame and masonry dwellings that range in age from 53 to 79 years old. The dwellings range in size from 1812 to 2028 square feet of living area. Two have full basements, one of which is finished, and one has a partial basement. Two have central air conditioning, all have fireplaces, and three have one-car to three-car garages. These properties have improvement assessments ranging from \$22.69 to \$23.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the parties were not similar to the subject. The appellant's comparables were of a different design than the subject, were much older than the subject and lacked central air conditioning and fireplaces. Three also were of different exterior construction than the subject. The board of review's comparables had living areas much smaller than the subject. The comparables had improvement assessments that ranged from \$18.36 to \$23.48 per square foot of living area. The subject's improvement assessment of \$20.84 per square foot of living area is within the range established by the comparables and is lower than half of them. The Board finds the appellant has not established the subject is inequitably assessed by clear and convincing evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
