

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ramon Hansen
DOCKET NO.: 07-21993.001-R-1
PARCEL NO.: 08-10-401-025-0000

The parties of record before the Property Tax Appeal Board are Ramon Hansen, the appellant, by attorney Julie Realmuto of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 9,605
IMPR.: \$ 27,144
TOTAL: \$ 36,749**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of masonry construction containing 1,112 square feet of living area. The dwelling is 45 years old. Features of the home include a full, finished basement, central air conditioning, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on seven comparable properties. On the grid analysis, four of the seven are described as one-story frame or frame and masonry dwellings that range in age from 50 to 53 years old. None of the four comparables listed on the grid analysis has a basement, and the appellant did not include any information concerning garages for these comparables. Three comparables had no detailed description provided other than classification and neighborhood codes, size, and improvement assessment. The seven comparable dwellings range in size from 1,102 to 1,212 square feet of living area. These properties have improvement assessments ranging from \$15.71 to \$16.69 per square foot of living area. The subject's improvement assessment is \$24.41 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story masonry dwellings. Each is 46 years old, and each contains 1,116 square feet of living area. Each of the comparables has a full basement, two of which are finished. Each comparable has central air conditioning and a garage, either two-car or three-car. These properties have improvement assessments ranging from \$24.24 to \$24.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that the comparables submitted by the board of review were the most similar to the subject in size, age, exterior construction, and foundation, and they were also very similar in style. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$24.24 to \$24.98 per square foot of living area. The subject's improvement assessment of \$24.41 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
