

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harriet Siegel
DOCKET NO.: 07-22109.001-R-1
PARCEL NO.: 10-14-411-068-0000

The parties of record before the Property Tax Appeal Board are Harriet Siegel, the appellant, by attorney Julie Realmuto of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 3,280
IMPR.: \$ 38,030
TOTAL: \$ 41,310**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame and masonry construction containing 1,955 square feet of living area. The dwelling is a 24-year old townhouse. Features of the home include a full, unfinished basement, a fireplace, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two or three-story frame and masonry townhouses that range in age from 15 to 44 years old. Although the appellant's comparable four is described as three-story, photographic evidence supplied by the appellant indicates that this dwelling is actually two-story. The comparable dwellings range in size from 1,860 to 2,195 square feet of living area. All of the comparables have central air conditioning; three have a basement; and two have a fireplace. However, the appellant did not include any data concerning garages for the comparables. The comparables have improvement assessments ranging from \$17.02 to \$17.36 per square foot of living area. The subject's improvement assessment is \$19.45 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story frame and masonry townhouses that are either 24 or 43 years old. The dwellings contain either 1,327 or 1,721 square feet of living area. Each comparable has a full, unfinished basement; two have central air conditioning; and one has a fireplace and a two-car garage. These properties have improvement assessments of either \$21.39 or \$21.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that two of the seven comparables submitted by both parties were the most similar to the subject in age, and they were also very similar in size, exterior construction, and style. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$17.36 and \$21.45 per square foot of living area. The subject's improvement assessment of \$19.45 per square foot of living area falls between these amounts. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
