

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Manubhai Patel
DOCKET NO.: 07-22115.001-R-1
PARCEL NO.: 10-22-409-030-0000

The parties of record before the Property Tax Appeal Board are Manubhai Patel, the appellant, by attorney Julie Realmuto of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 5,520
IMPR.: \$ 33,476
TOTAL: \$ 38,996**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one and one-half story dwelling of frame and masonry construction containing 1,541 square feet of living area. The dwelling is 54 years old. Features of the home include a full, unfinished basement and a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one or one and one-half story frame and masonry dwellings that range in age from 54 to 72 years old. The comparable dwellings range in size from 1,620 to 1,799 square feet of living area. Three comparables have basements; two have central air conditioning; and two have fireplaces. The appellant did not include any data concerning garages for the comparables. The comparables have improvement assessments ranging from \$19.28 to \$19.67 per square foot of living area. The subject's improvement assessment is \$21.72 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of one and one-half story frame and masonry dwellings that range in age from 51 to 75 years old. The dwellings range in size from 1,356 to 1,512 square feet of living area. Each comparable has a garage and a basement; two have central air conditioning; and two have a fireplace. These properties have improvement assessments ranging from \$16.17 to \$23.57 per square foot of living area. The comparable assessed at \$16.17 per square foot has a 70% prorated assessment, indicating an improvement assessment at 100% of \$23.10 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that four of the comparables submitted by both parties were very similar to the subject in age, size, style, and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$19.28 to \$23.18 per square foot of living area. The subject's improvement assessment of \$21.72 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
