

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicole Fernandez
DOCKET NO.: 07-22141.001-R-1 through 07-22141.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Nicole Fernandez, the appellant(s), by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
07-22141.001-R-1	14-30-223-259-0000	17,967	109,130	\$127,097
07-22141.002-R-1	14-30-223-260-0000	18,423	109,130	\$127,097

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 6,147 square foot parcel of land improved with a one year old, two-story, masonry, single-family dwelling, containing 6,236 square feet of living area, five and one-half baths, air conditioning, and two fireplaces. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of three properties suggested as comparable within 1.7 miles of the subject. The properties are described as two-story, masonry, or frame and masonry, single-family dwellings with three to five and one half baths, air conditioning, one or two fireplaces, and full finished basements with a formal recreation room. The properties range in age from two to four years with living area ranging from 5,568 to 6,256 square feet and have improvement assessments ranging from \$16.50 to \$35.59 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$231,836 or \$37.18 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on two properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, masonry, single-family dwellings with three and one-half or four and one half baths, partial finished basements with a formal recreation room, air conditioning, and one or three fireplaces. The properties are two and seven years and have living area of 5,043 and 5,049 square feet and have improvement assessments of \$37.25 and \$46.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The parties presented a total of five properties suggested as comparable to the subject. The PTAB finds the appellant's comparables most similar to the subject in size, design, construction and age. The properties are described as two-story, masonry or frame and masonry, single-family dwellings. The properties range in age from two to four years with living area ranging from 5,568 to 6,256 square feet and have improvement assessments ranging from \$16.50 to \$35.59 per square foot of living area. In comparison, the subject's improvement assessment of \$37.18 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
