

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Stiffle
DOCKET NO.: 07-22190.001-C-1
PARCEL NO.: 14-19-422-021-0000

The parties of record before the Property Tax Appeal Board are Scott Stiffle, the appellant, by attorney Terrence Kennedy Jr., of Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$85,566
IMPR: \$243,134
TOTAL: \$328,700

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 9,007 square foot parcel of land improved with a 1922-built, two-story, masonry, office and retail building containing 17,190 square feet of building area, of which 15,082 square feet is rentable area. The appellant, via counsel, argued that the fair market value of the subject was not accurately reflected in its assessed value.

In support of the market value argument, the appellant submitted an appraisal undertaken by Matthew T. Kang and Gary T. Peterson of Peterson Appraisal Group, Ltd. The report indicates Kang is an Associate Licensed Real Estate Appraiser and Peterson is a State of Illinois certified general appraiser and holds an MAI designation. The appraisers indicated the subject has an estimated market value of \$865,000 as of January 1, 2006. The appraisal report utilized the three traditional approaches to value to estimate the market value for the subject property. The appraisal finds the subject's highest and best use is its current use.

Under the cost approach to value, the appraiser analyzed the sale of properties to arrive at an estimate the value for the land at \$32.00 per square foot or \$290,000, rounded. The replacement cost new was utilized to determine a cost for the improvement at \$1,460,000. The age life method was used to depreciate the improvement by 60% for a depreciated building value of \$584,000. The land was added back in to establish a value under the cost approach of \$875,000, rounded.

In the income approach to value, the appraiser analyzed the rents of 11 properties to estimate potential gross income at \$254,858. Vacancy and collection were estimated at 10% and expenses were estimated at \$88,936 to arrive at a net operating income of \$140,436. A loaded capitalization rate of 16.21% was utilized to estimate a value under the income approach of \$865,000, rounded.

Under the sales comparison approach, the appraisers analyzed the sales of five masonry, two-story, office buildings located within the subject's market. The properties range in age from 16 to 86 years and in size from 10,000 to 35,096 square feet of building area. The comparables sold from May 2003 to May 2005 for prices ranging from \$500,000 to \$1,850,000, or from \$36.41 to \$56.28 per square foot of building area, including land. The appraiser adjusted each of the comparables for pertinent factors. Based on the similarities and difference of the comparables when compared to the subject, the appraiser estimated a value for the subject under the sales comparison approach of \$57.00 per square foot of rentable building area or \$860,000, rounded.

In reconciling the three approaches to value, the appraisal gave primary consideration to the income and sales comparison approaches to value with secondary consideration given to the cost approach to arrive at a final estimate of value for the subject as of January 1, 2006 of \$865,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$390,645 was disclosed. The subject's final assessment reflects a fair market value of \$1,028,013 or \$59.80 per square foot of building area when the Cook County Real Property Assessment Classification Ordinance level of assessment of 38% for Class 5a property is applied. The board also submitted raw sales information on five properties suggested as comparable. The properties sold from September 2002 to February 2009 for prices ranging from \$685,000 to \$2,200,000 or from \$48.72 to \$118.92 per square foot of building area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the

evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the PTAB concludes that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the PTAB finds the best evidence to be the appellant's appraisal. The appellant's appraisers utilized the three traditional approaches to value in determining the subject's market value. The PTAB finds this appraisal to be persuasive for the appraisers: have experience in appraising; personally inspected the subject property and reviewed the property's history; estimated a highest and best use for the subject property; utilized appropriate market data in undertaking the approaches to value; and lastly, used similar properties in the sales comparison approach while providing sufficient detail regarding each sale as well as adjustments that were necessary. The PTAB gives little weight to the board of review's comparables as the information provided was raw sales data with no adjustments made.

Therefore, the PTAB finds that the subject property had a market value of \$865,000 for the 2007 assessment year. Since the market value of the subject has been established, the Cook County Real Property Assessment Classification Ordinance level of assessment of 38% for Class 5a property will apply. In applying this level of assessment to the subject, the total assessed value is \$328,700 while the subject's current total assessed value is above this amount. Therefore, the PTAB finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING: _____

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: March 23, 2012

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
