

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Taylor
DOCKET NO.: 07-22197.001-R-1
PARCEL NO.: 05-29-103-044-0000

The parties of record before the Property Tax Appeal Board are Robert Taylor, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$100,480
IMPR: \$323,765
TOTAL: \$424,245

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story dwelling of masonry construction containing 7,292 square feet of living area. The dwelling is 3 years old and on a slab foundation. Features of the home include central air conditioning, four fireplaces and a 3-car garage.

The appellant marked comparable sales as the basis for the appeal; however, no sales data was submitted. Therefore this appeal is analyzed as being based on assessment inequity. The appellant submitted information on six comparable properties described as 2-story frame or masonry dwellings that range in age from 7 to 121 years old. The comparable dwellings range in size from 6,564 to 8,819 square feet of living area. All comparables feature full or partial basements, one of which is finished. All have 2, 4 or 5 fireplaces and 3, 3½, or 4-car garages. Five comparables feature central air conditioning. The comparables have improvement assessments ranging from \$36.54 to \$45.04 per square foot of living area. The subject's improvement assessment is \$47.69 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed but did not present descriptions or assessment information on any comparable properties. The board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

None of the appellant's comparables had slab foundations and four were significantly older than the subject. In spite of having a basement, the Board finds appellant's comparable #5 most similar to the subject in location, style, exterior construction, size and age. The Board further finds the board of review submitted no evidence to refute the appellant's lack of uniformity argument. Based on this record the Board finds the appellant demonstrated a lack of assessment uniformity by clear and convincing evidence and an assessment reduction is accordingly warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
