

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Harrington
DOCKET NO.: 07-22228.001-R-1
PARCEL NO.: 05-17-413-014-0000

The parties of record before the Property Tax Appeal Board are James Harrington, the appellant(s), by attorney James E. Doherty, of Thomas M. Tully & Associates in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,040
IMPR: \$86,554
TOTAL: \$121,594

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 12,000 square foot parcel of land improved with an 89-year old, two-story, frame, single-family dwelling containing 3,136 square feet of living area, one and one-half baths, two fireplaces, and a full, finished basement. The appellant argued, via counsel, unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of five properties suggested as comparable and located on the subject's street within several blocks. The properties are described as two-story, frame, or stucco, single-family dwellings. Features include between two and three and one-half baths, one or three fireplaces, air conditioning for one property, and a partial or full unfinished basement. The properties range: in age from 83 to 104 years; in size from 2,657 to 3,236 square feet of living area; and have improvement assessments from \$21.12 to \$27.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$100,540 or \$32.06 per square foot of living area was disclosed. In support of the subject's assessment, the board of review submitted descriptions and assessment information on four properties suggested as comparable. The properties are described as two-story, frame, single-family dwellings. Features include two and one-half or three baths, air conditioning for one property, one, two or three fireplaces, and full basements with one finished. The properties range: in age from 83 to 107 years; in size from 2,860 to 3,259 square feet of living area; and in improvement assessments from \$34.20 to \$37.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The parties presented a total of nine properties suggested as comparable. The PTAB finds the appellant's comparables #1, #2 and #4 most similar to the subject in location, design, construction and age. The properties range: in age from 83 to 87 years; in size from 2,704 to 3,236 square feet of living area; and in improvement assessments from \$21.12 to \$27.63 per square foot of living area. In comparison, the subject's improvement assessment of \$32.06 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
