

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Elmer
DOCKET NO.: 07-22242.001-R-1
PARCEL NO.: 05-33-117-037-0000

The parties of record before the Property Tax Appeal Board are Peter Elmer, the appellant(s), by attorney Terrence Kennedy Jr., of Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,787
IMPR.: \$33,120
TOTAL: \$40,907

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 4,867 square foot parcel of land improved with a 53 year old, one-story, frame and masonry, single-family dwelling, with 1,440 square feet of living area, two and a half baths, air conditioning, two fireplaces and a full finished basement. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of seven properties suggested as comparable and located within a quarter mile of the subject. The properties are described as one-story, masonry or frame and masonry single-family dwellings with one and a half to two and a half baths, air conditioning for five properties, one or two fireplaces for five properties, and full or partial basements for six properties. The properties are 51 to 54 years old with 1,440 to 1,706 square feet of living area and have improvement assessments from \$19.43 to \$25.51 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$55,212 or \$38.34 per square foot of living area was disclosed. The board of review presented a description and assessment information on the subject. The board did not submit information on comparable properties. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The appellant presented a total of seven properties suggested as comparable to the subject. The PTAB finds the appellant's comparables #1, #2, #3 and #6 most similar to the subject in size, design, proximity, construction and age. The properties are described as one-story, masonry or frame and masonry, single-family dwellings. The properties are 51 to 54 years old with 1,440 to 1,545 square feet of living area and have improvement assessments from \$21.01 to \$25.51 per square foot of living area. In comparison, the subject's improvement assessment of \$38.34 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
