

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Gordon
DOCKET NO.: 07-22279.001-R-1
PARCEL NO.: 05-34-215-002-0000

The parties of record before the Property Tax Appeal Board are Thomas Gordon, the appellant, by attorney Timothy C. Jacobs of Gary H. Smith PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,720
IMPR.: \$49,744
TOTAL: \$72,464

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 1,680 square feet of living area. The dwelling is 95 years old. Features of the home include a full unfinished basement, a fireplace and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on eight comparable properties described as two-story frame, stucco, or frame and masonry dwellings that range in age from 90 to 154 years old. The comparable dwellings range in size from 1,390 to 2,045 square feet of living area. Six comparables have partial unfinished basements, one comparable has a full unfinished basement and one comparable has a full basement finished with a recreation room. One comparable has central air conditioning and four comparables have a fireplace. Six comparables have a 1-car garage and one comparable has a 2-car garage. The comparables have improvement assessments ranging from \$26.30 to \$27.67 per square foot of living area. The subject's improvement assessment is \$29.61 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that range in age from 81 to 101 years old. The dwellings range in size from 1,680 to 1,848 square feet of living area. Each comparable has a full unfinished basement and a fireplace. Three comparables have a garage ranging from 1-car to 2-car. These properties have improvement assessments ranging from \$31.23 to \$49.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #3, #6 and #8 submitted by the appellant and the comparables submitted by the board of review were most similar to the subject in size, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$27.23 to \$49.59 per square foot of living area. The subject's improvement assessment of \$29.61 per square foot of living area is supported by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
