

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tim & Venitia Terchek
DOCKET NO.: 07-22517.001-R-1
PARCEL NO.: 05-29-415-009-0000

The parties of record before the Property Tax Appeal Board are Tim & Venitia Terchek, the appellants, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 19,847
IMPR.: \$ 70,136
TOTAL: \$ 89,983

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry construction containing 2,253 square feet of living area. The dwelling is 67 years old. Features of the home include a full, finished basement, central air conditioning, two fireplaces and a two-car garage.

The appellants' appeal is based on unequal treatment in the assessment process. The appellants submitted information on four comparable properties described as two-story masonry or frame and masonry dwellings that range in age from 66 to 76 years old. The comparable dwellings range in size from 2,390 to 3,580 square feet of living area. The comparables have improvement assessments ranging from \$25.09 to \$28.00 per square foot of living area. The subject's improvement assessment is \$31.13 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story masonry dwellings that range in age from 66 to 78 years

old. The dwellings range in size from 2,426 to 2,862 square feet of living area. These properties have improvement assessments ranging from \$31.41 to \$33.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellants contend unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellants have not met this burden.

The Board finds the appellants' comparables two through four and the board of review's comparables were most similar to the subject in size. They were also similar to the subject in design and age and generally similar to the subject in exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments ranging from \$25.09 to \$33.21 per square foot of living area. The subject's improvement assessment of \$31.13 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
