

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Vukosavich
DOCKET NO.: 07-22545.001-R-1
PARCEL NO.: 14-18-117-003-0000

The parties of record before the Property Tax Appeal Board are Peter Vukosavich, the appellant, by attorney Thomas J. Thorson in Oak Park, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,414
IMPR.: \$44,440
TOTAL: \$54,854

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of an 84 year old, 3,408 square foot, two-story, masonry, single-family dwelling. Features include a partial unfinished basement and air conditioning. The dwelling is situated on a 3,125 square foot lot.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of this claim, the appellant submitted information on four suggested comparable properties located on the subject property's street. They consist of two-story, masonry, single-family dwellings that range in age from 93 to 115 years old and range in size from 3,375 to 3,912 square feet of living area. Features include a one or one-and-one-half car garage, air conditioning and an unfinished basement. The comparables have improvement assessments that range from \$6.99 to \$13.04 per square foot of living area. The subject's improvement assessment is \$91,986 or \$26.99 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$102,400 was disclosed. The board of review presented one comparable property located one-quarter mile from the subject property. It is a 93-year-old, three-story, masonry, single-family dwelling that contains 3,975 square feet. It has an improvement assessment of \$16.93 per square foot. The board of review also submitted a print out that indicates the subject sold in May 2005 for \$665,000. In addition, the board of review submitted a property record card that indicates there was a homestead improvement exemption on the property in 2006. The improvement's assessed value with the homestead improvement exemption applied is \$91,986 or \$26.99 per square foot of living area. In support of the subject's assessment, the board of review presented the property characteristic printout for the subject as well as the documentation the appellant presented at the board level hearing. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The parties submitted a total of five suggested comparables for the Board's consideration. The Board finds the appellant's comparables to be the most similar to the subject in location, size and style. These comparables had improvement assessments that ranged from \$6.99 to \$13.04 per square foot of living area. Because the subject has a homestead improvement exemption, the increased value due to the rebuild is not to be included in establishing the assessed value of the improvement for four years after the date the rebuild was complete. 35 ILCS 200/15-180. Therefore, the subject's improvement assessment with the exemption applied of \$26.99 per square foot of living area is above the range of the comparables. After considering adjustments and the differences in the appellant's comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
