

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deborah Frakes
DOCKET NO.: 07-22722.001-R-1
PARCEL NO.: 10-13-225-009-0000

The parties of record before the Property Tax Appeal Board are Deborah Frakes, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 43,718
IMPR.: \$ 101,862
TOTAL: \$ 145,580**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family dwelling of frame and masonry construction containing 10,537 square feet of living area. The dwelling is 119 years old. Features of the home include a full, finished basement, central air conditioning and four fireplaces.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted data evidencing the subject's June 2004 sale price of \$1,450,000. To document the appeal, the appellant submitted a copy of the Illinois Real Estate Transfer Declaration. As a result, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$224,590 was disclosed. The subject's assessment reflects a market value of \$2,236,952 using the 2007 three year median level of assessments for class 2 property of 10.04%. The board of review reported the subject sold in June 2004 for \$1,450,000. In support of the subject's assessment, the board of review offered the property characteristic sheets and a spreadsheet detailing four suggested comparable properties. The comparable properties consist of two-

story frame dwellings that range in age from 85 to 116 years old. They range in size from 2,024 to 2,194 square feet and have improvement assessments ranging from \$24.18 to \$26.16 per square foot. The subject has an improvement assessment of \$17.17 per square foot. One of these comparables sold for \$665,000 in March 2006. The board of review also submitted a list of sales prices and sales dates for 20 properties. However, descriptions of these properties were not submitted. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant claimed the subject property's assessment was not reflective of its true market value. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179, 183, 728 N.E.2d 1256 (2d Dist. 2000). The Board finds that based on the evidence contained in the record the appellant has sufficiently established overvaluation by a preponderance of the evidence and a reduction in the subject's total assessment is warranted.

The Board finds the June 2004 sale price of \$1,450,000 as evidenced by the appellant is the best evidence of the subject's market value as of the January 1, 2007 assessment date. The subject's assessment reflects a market value of \$2,236,952 and is in excess of the sale price. There was no evidence provided by the board of review indicating the subject's sale price was not an arm's length transaction. Moreover, the board of review failed to sufficiently address the appellant's market value contention. One of the board of review's comparables recently sold. However, the raw sales data was not adjusted by the board of review to provide an estimate a value for the subject property. Moreover, the Board finds this comparable was not similar to the subject in size. Although a list of sales of properties in the subject's neighborhood was submitted, there were no descriptions of these properties to compare with the subject. Thus, the Board finds the subject has a market value of \$1,450,000 and the 2007 three-year median level of assessments for Cook County Real Property Assessment Classification Ordinance Class 2 property of 10.04% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code 1910.50(c)(2))

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
