

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean B. Kelley  
DOCKET NO.: 07-22826.001-R-1  
PARCEL NO.: 16-08-114-013-0000

The parties of record before the Property Tax Appeal Board are Sean B. Kelley, the appellant, by attorney Joel R. Monarch in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 8,549**  
**IMPR.:    \$ 41,318**  
**TOTAL:    \$ 49,867**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame construction containing 2,034 square feet of living area. The dwelling is 103 years old, and it has a full, unfinished basement and a fireplace.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on five comparable properties described as two-story frame dwellings that range in age from 99 to 112 years old. The comparables are located two or three blocks from the subject. The comparable dwellings range in size from 1,995 to 2,101 square feet of living area. Each comparable has a full, unfinished basement and a garage; three dwellings have central air conditioning; and one has a fireplace. The comparables have improvement assessments ranging from \$19.43 to \$20.66 per square foot of living area. The subject's improvement assessment is \$21.61 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story

frame dwellings that range in age from 99 to 103 years old. The dwellings range in size from 1,768 to 1,824 square feet of living area. Two of the comparables were located on the same block as the subject, and the other two are located one-quarter mile away. Each comparable has a full basement, one of which is finished. Three comparables have a garage, and one has two fireplaces. These properties have improvement assessments ranging from \$22.18 to \$24.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

All of the nine comparables submitted by both parties were two-story frame dwellings that were very similar to the subject in age, location, and foundation. However, the Board finds the appellant's comparables were most similar to the subject in size. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$19.43 to \$20.66 per square foot of living area. The subject's improvement assessment of \$21.61 per square foot of living area falls above the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
