

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Lekan  
DOCKET NO.: 07-23013.001-R-1 through 07-23013.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Robert Lekan, the appellant, by attorney Christopher G. Walsh Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
07-23013.001-R-1	09-22-320-024-0000	5,958	28,748	\$34,706
07-23013.002-R-1	09-22-320-025-0000	5,958	28,748	\$34,706

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame and masonry construction containing 2,552 square feet of living area. The dwelling is 46 years old and has a concrete slab foundation. Features of the home include central air conditioning, a fireplace and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame, masonry or frame and masonry dwellings that range in age from 13 to 60 years old. The comparable dwellings range in size from 2,309 to 2,938 square feet of living area. Two comparables have full basements of which one basement is finished with a recreation room. One comparable has a partial unfinished basement and one comparable has a concrete slab foundation. Two comparables have central air conditioning. Two comparables have a 2-car garage, one comparable has a 1.5-car garage and one comparable does not have a garage. The comparables have improvement assessments ranging from \$21.39 to \$23.00 per square foot of living area. The subject's improvement assessment is \$22.53 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story frame and masonry dwellings that range in age from 40 to 46 years old. The dwellings range in size from 2,256 to 2,592 square feet of living area. One comparable has a full unfinished basement and two comparables have a partial unfinished basement. Two comparables have central air conditioning. Two comparables have a fireplace. Each comparable has a 2-car garage. These properties have improvement assessments ranging from \$23.91 to \$26.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #1 and #2 submitted by the appellant and comparables #1 and #3 submitted by the board of review were most similar to the subject in size, features and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$21.39 to \$24.82 per square foot of living area. The subject's improvement assessment of \$22.53 per square foot of living area falls within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
