

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Melissa Moore
DOCKET NO.: 07-23257.001-R-1
PARCEL NO.: 05-28-100-015-0000

The parties of record before the Property Tax Appeal Board are Melissa Moore, the appellant, by attorney Kevin P. Burke, of Smith Hemmesch Burke Brannigan & Guerin in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,808
IMPR: \$170,536
TOTAL: \$191,344

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 10,004 square foot parcel of land improved with a seven-year old, two-story, masonry, single-family dwelling containing 3,236 square feet of building area, three and one half baths, air conditioning, three fireplaces, and a full, unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of this argument, the appellant, via counsel, submitted data and descriptions on a total of four properties suggested as comparable to the subject. The properties are described as two-story, masonry, frame, or frame and masonry, single-family dwellings. They have two and one half to three and one half baths, one to two fireplaces, and a partial unfinished basement for two properties. The properties range: in age from 37 to 51 years; in size from 3,073 to 3,734 square feet of building area; and in improvement assessment from \$35.65 to \$38.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$170,536

or \$52.70 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on three properties suggested as comparable and located in the subject's neighborhood. The properties are described as two-story, masonry, single-family dwellings. They have three and one half to four and one half baths, air conditioning, two to four fireplaces, and full basements. The properties are 3 to 31 years old and range in size from 3,380 to 3,604 square feet of building area and in improvement assessment from \$52.58 to \$69.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of seven suggested comparable properties. The PTAB finds the board of review's comparables and the appellant's comparable #1 are most similar to the subject in design, construction, and amenities. The properties are described as two-story, masonry, single-family dwellings. The properties range: in age from 3 to 51 years; in size from 3,073 to 3,604 square feet of living area; and in improvement assessment from \$38.48 to \$69.19 per square foot of living area. In comparison, the subject's improvement assessment of \$52.70 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
