

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Hughes
DOCKET NO.: 07-23589.001-R-1
PARCEL NO.: 04-25-106-033-0000

The parties of record before the Property Tax Appeal Board are Richard Hughes, the appellant, by attorney Robert K. Gorman in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,736
IMPR: \$115,332
TOTAL: \$142,068

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame and masonry construction containing 4,453 square feet of living area. The dwelling is 7 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 3-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story masonry or frame and masonry dwellings that range in age from 21 to 47 years old. The comparable dwellings range in size from 4,612 to 4,964 square feet of living area. Two comparables have a partial basement finished with a recreation room and one comparable has a full basement finished with a recreation room. Each comparable has central air conditioning. One comparable has a fireplace, one comparable has two fireplaces and one comparable has three fireplaces. Two comparables have a 2-car garage and one comparable has a 2.5-car garage. The comparables have improvement assessments ranging from \$22.11 to \$23.77 per square foot of living area. The subject's improvement assessment is \$25.90 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame and masonry dwellings that range in age from 4 to 47 years old. The dwellings range in size from 4,032 to 4,762 square feet of living area. Three comparables have partial unfinished basements of which one basement is finished with a recreation room and one comparable has a full unfinished basement. Each comparable has central air conditioning. Two comparables have a fireplace, one comparable has two fireplaces and one comparable has three fireplaces. Two comparables have a 3-car garage, one comparable has a 2-car garage and one comparable has a 2.5-car garage. These properties have improvement assessments ranging from \$13.54 to \$31.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #2 and #3 submitted by the board of review were most similar to the subject in location, size, exterior construction and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables have improvement assessments of \$25.90 and \$31.38 per square foot of living area. The subject's improvement assessment of \$25.90 per square foot of living area is supported by the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
