

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniela Piuian
DOCKET NO.: 07-23989.001-R-1 through 07-23989.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Daniela Piuian, the appellant(s), by attorney George J. Behrens, of McCracken, McCracken & Behrens, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
07-23989.001-R-1	10-33-224-040-0000	7,380	15,768	\$23,148
07-23989.002-R-1	10-33-224-046-0000	3,810	63,072	\$66,882

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of an 8,941 square foot lot on two parcels of land improved with a four year old, two-story, masonry, single-family dwelling containing 3,816 square feet of living area, three and one-half baths, a full unfinished basement, one fireplace, and a two-car garage. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of four properties suggested as comparable and located within the same neighborhood as the subject property. The properties are described as two-story, masonry, single-family dwellings with between three and one-half and five and one-half baths, air conditioning, and one or two fireplaces for three of the properties. The properties range: in age from four to sixty years; in size from 3,976 to 4,279 square feet of living area; and in improvement assessments from \$16.95 to \$19.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$78,840

or \$20.66 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on three properties suggested as comparable located within the subject property's neighborhood. The properties are described as two-story, masonry, single-family dwellings with between two and one-half and three and one-half baths, a full unfinished basement, air conditioning, and one fireplace for one of the properties. The properties range: in age from two to seven years; in size from 3,837 to 4,163 square feet of living area; and in improvement assessments from \$20.65 to \$22.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of seven properties suggested as comparable to the subject. The PTAB finds the board of review's comparables and the appellant's comparable #4 most similar to the subject in age, size, design, and exterior construction. The properties are described as two-story, masonry, single-family dwellings with between two and one half and three and one-half baths, full unfinished basement for three of the properties, and air conditioning. The properties range: in age from two to seven years; in size from 3,843 to 4,163 square feet of living area; and in improvement assessments from \$19.33 to \$22.09 per square foot of living area. In comparison, the subject's improvement assessment of \$20.66 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
