

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Allen
DOCKET NO.: 07-24061.001-R-1
PARCEL NO.: 04-24-412-022-0000

The parties of record before the Property Tax Appeal Board are Charles Allen, the appellant, by attorney George J. Behrens, of McCracken, McCracken & Behrens, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,212
IMPR.: \$116,798
TOTAL: \$147,010

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 16 year old, one and one-half-story, frame and masonry, single-family dwelling. It contains 5,309 square feet of living area and is situated on a 44,431 square foot lot. Features include a full unfinished basement, a three and one-half-car garage, and three full and two half baths.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of this claim, the appellant submitted descriptions and assessment information regarding four suggested comparable properties located in the subject property's neighborhood. The suggested comparables are described as one and one-half story, masonry, or frame and masonry, single-family dwellings that range in age from 21 to 54 years old and range in size from 5,264 to 5,717 square feet of living area. Features include basement area for three properties, two and one-half to five baths, and a two to three-car garage. These properties have improvement assessments that range from \$18.44 to \$24.81 per

square foot of living area. The subject's improvement assessment is \$27.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$145,866 or \$27.48 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented a description and assessment information regarding one suggested comparable property located in the subject's neighborhood with one comparable located in the subject's neighborhood. The suggested comparable consists of a one and one-half story, frame and masonry, 24 year old, single-family dwelling that contains 5,822 square feet of living area. Features include a full unfinished basement, a two and one-half car garage, and air conditioning. This property has an improvement assessment of \$27.49 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The parties submitted a total of five comparable properties for the Board's consideration. The Property Tax Appeal Board finds the appellant's comparables to be the most similar to the subject in size, location, and amenities. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables have improvement assessments that range from \$18.44 to \$24.48 per square foot of living area. The subject's improvement assessment of \$47.48 per square foot of living area is above the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
