

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

AMENDED DECISION

APPELLANT: William Graf
DOCKET NO.: 07-24310.001-R-1
PARCEL NO.: 09-35-127-019-0000

The parties of record before the Property Tax Appeal Board are William Graf, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,328
IMPR.: \$88,587
TOTAL: \$99,915

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of an 8,850 square foot parcel of land improved with a seven year old, two-story, frame and masonry, single-family dwelling containing 3,562 square feet of living area, three and one-half baths, a full unfinished basement, one fireplace, and a two-car garage. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of four properties suggested as comparable and located within four blocks of the subject property. The properties are described as two-story, masonry or frame and masonry, single-family dwellings with between two and one-half and three and one-half baths, full unfinished basements, air conditioning, and one or two fireplaces for three of the properties. The properties range: in age from two to seven years; in size from 3,430 to 3,761 square feet of living area; and in improvement assessments from \$10.56 to \$20.04 per square foot of living area. Based on this evidence, the

appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$88,587 or \$24.87 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable and with two of the properties located within one-quarter mile of the subject property. The properties are described as two-story, frame and masonry, single-family dwellings with between two and one-half and three and three-half baths, a full unfinished basement for three of the properties, and one or two fireplaces. The properties range: in age from four to ten years; in size from 3,393 to 3,718 square feet of living area; and in improvement assessments from \$25.55 to \$31.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of eighteen properties suggested as comparable to the subject. The PTAB finds the board of review's comparables #2 and #3 and the appellant's comparable #2 most similar to the subject in size, design, construction, and location. The properties are described as two-story, frame and masonry, single-family dwellings with between two and one half and three and one-half baths, one fireplace for two of the properties, full unfinished basements, and air conditioning. The properties range: in age from two to seven years; in size from 3,430 to 3,486 square feet of living area; and in improvement assessments from \$10.56 to \$31.75 per square foot of living area. In comparison, the subject's improvement assessment of \$31.46 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
