

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Waclaw Ustupski
DOCKET NO.: 07-24331.001-R-1
PARCEL NO.: 19-18-206-001-0000

The parties of record before the Property Tax Appeal Board are Waclaw Ustupski, the appellant, by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,784
IMPR.: \$ 34,012
TOTAL: \$ 38,796

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 4,125 square feet of land improved with a 61-year old, one-story, single-family dwelling of masonry construction. The property contains 2,350 square feet of living area. Features of the home include three baths, a partial unfinished basement, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted description and assessment information on seven comparable properties described as one or two-story frame, masonry, or frame and masonry dwellings that range: in age from 29 to 95 years; in size from 2,000 to 2,635 square feet of living area; and in improvement assessments from \$7.59 to \$11.95 square feet of living area. The subject's improvement assessment is \$14.47 per square feet of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$38,796 was

disclosed. The board of review presented descriptions and assessment information on two comparable properties consisting of one-story, masonry dwellings. The properties contain two full baths, a partial basement, and air conditioning. They range in age from 50 to 53, in size from 1,618 to 2,290 square feet of living area, and one property has air conditioning. These properties have an improvement assessment of \$14.47 or \$16.57 per square foot of living area.

In addition, the board of review submitted sales data for the subject property. It sold on February 1, 2004 for a price of \$312,000.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables #4 and #5 submitted by the appellant and comparable #1 submitted by the board of review to be similar to the subject in location, size, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$9.92 to \$16.57 per square foot of living area. The subject's improvement assessment of \$14.47 per square foot of living area is within the range established by the most similar comparables. The Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
