

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Gutzmer  
DOCKET NO.: 07-24414.001-R-1  
PARCEL NO.: 05-27-423-015-0000

The parties of record before the Property Tax Appeal Board are Peter Gutzmer, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 36,363  
IMPR.:    \$ 63,855  
TOTAL:    \$ 100,218**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame construction containing 2,475 square feet of living area. The dwelling is 114 years old, and it has a full, unfinished basement, central air conditioning, a fireplace, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame dwellings that range in age from 86 to 139 years old. The comparable dwellings range in size from 2,414 to 2,788 square feet of living area. Each comparable has a garage; three have central air conditioning; and three have a fireplace. However, the appellant did not provide any information on the comparables' foundations. The comparables have improvement assessments ranging from \$24.59 to \$27.63 per square foot of living area. The subject's improvement assessment is \$30.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of two-story frame dwellings that range in age from 95 to 104 years old. The dwellings range in size from 2,686 to 2,759 square feet of living area. Each comparable has a garage; one or two fireplaces; and a full basement, one of which is finished. Two dwellings have central air conditioning. These properties have improvement assessments ranging from \$29.61 to \$38.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

All of the eight comparables submitted by both parties are two-story frame dwellings like the subject; however, six of the eight comparables were somewhat larger than the subject in size. The Board finds the appellant's comparables numbered one and two were most similar to the subject in size. They were also very similar in age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$24.59 and \$27.00 per square foot of living area. The subject's improvement assessment of \$30.00 per square foot of living area falls above the assessments of the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
