

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Malgorzata Kazmierczak
DOCKET NO.: 07-24629.001-R-1
PARCEL NO.: 09-15-307-086-0000

The parties of record before the Property Tax Appeal Board are Malgorzata Kazmierczak, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 11,263
IMPR.: \$ 38,720
TOTAL: \$ 49,983

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family building of frame construction containing 3,520 square feet of building area. The building is 40 years old. Features of the building include four apartment units and a full, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one and one-half or two-story masonry multi-family buildings that range in age from 37 to 59 years old. The comparables have the same neighborhood and classification codes as the subject, and three are located in the same tax block as the subject. The comparables range in size from 2,881 to 5,612 square feet of building area. The buildings have either three or six apartment units, and one comparable has a garage. The appellant did not disclose information regarding the comparables' foundations. The comparables have improvement assessments ranging from \$8.94 to \$10.43 per square foot of building area. The subject's improvement assessment is \$11.00 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story masonry multi-family buildings that range in age from 34 to 39 years old. The comparables all have the same neighborhood and classification codes as the subject. Each building has 4,928 square feet of building area, six apartment units, and a full basement finished with an apartment. These properties have improvement assessments ranging from \$11.00 to \$11.35 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that all of the eight comparables submitted by both parties were apartment buildings like the subject and seven were also very similar in age and design. Despite differences in exterior construction and size, these comparables had improvement assessments that ranged from \$9.28 to \$11.35 per square foot of living area. The subject's improvement assessment of \$11.00 per square foot of living area falls within the range established by these comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
