

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret K. McLaughlin
DOCKET NO.: 07-24978.001-R-1
PARCEL NO.: 14-18-321-040-0000

The parties of record before the Property Tax Appeal Board are Margaret K. McLaughlin, the appellant(s), by attorney David C. Dunkin, of Arnstein & Lehr in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,414
IMPR.: \$59,834
TOTAL: \$70,248

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property has 3,125 square feet of land, which is improved with a 113 year old, three-story, frame, single-family dwelling containing 2,751 square feet of living area. The dwelling's amenities include four and one-half baths, a partial unfinished basement, air conditioning, and a two-car garage. The appellant's appeal is based on unequal treatment in the assessment process.

In support of the equity argument, the appellant, via counsel, submitted descriptive and assessment information on seven properties suggested as comparable to the subject. These properties are described as two-story, frame, masonry, or frame and masonry, single-family dwellings that range in age from 93 to 113 years old, and in size from 2,556 to 3,092 square feet of living area. The dwellings include three full finished basements, three full unfinished basements, and one full basement with a formal recreation room. The dwellings have from one to three and three one-half baths. Additionally, three of the suggested comparables have air conditioning, one has two fireplaces, and all of the suggested comparables have a garage, ranging from a two-car to a four-car garage. These suggested comparables have improvement assessments ranging from \$20.59 to

\$22.85 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$88,435 was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable to the subject. These properties are described as one-story or two-story, frame, single-family dwellings that range in age from 1 to 108 years old, and in size from 946 to 2,900 square feet of living area. These properties include one full unfinished basement and three full basements with a formal recreation room. The dwellings have from two to three and one-half baths. Additionally, three of the dwellings have air conditioning, one has two fireplaces, and all of the suggested comparables have a garage, ranging from a two-car to a two and one-half-car garage. These suggested comparables have improvement assessments ranging from \$21.59 to \$63.44 per square foot of living area. The subject's assessment is \$28.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing Du Page Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment date, the Board finds that the appellant has met this burden.

Initially, the Board takes note that the appellant's Comparables #4 and #5 are the same properties as the board of review's Comparables #1 and #2, respectively. The Board finds that Comparables #4, #5, and #6 submitted by the appellant, and Comparables #1 and #2 submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features, and age. Due to their similarities to

the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$21.59 to \$22.33 per square foot of living area. The subject's improvement assessment of \$28.36 per square foot of living area is above the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject's improvement assessment is not equitable, and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
