ANALYSIS

The subject property consists of a 10,515 square foot parcel of land improved with a 13-year old, two-story, masonry, single-family dwelling containing 4,256 square feet of living area, two and one-half baths, an full unfinished basement, and a three-car garage. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, masonry or frame and masonry, single-family dwellings with three and one-half baths, full or partial, finished or unfinished basements, air conditioning, and one or two fireplaces. The properties range: in age from nine to sixteen years; in size from 3,931 to 4,542 square feet of living area; and in improvement assessments from \$14.47 to \$20.42 per square foot of living area. Sales data was submitted for the subject and comparable #3 which sold in April 1995 and April 2004 for \$742,000 and \$878,000 or \$174.89 and \$208.00 per square foot, including land, respectively. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$108,060 or \$25.39 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable and with three of the properties located within one-quarter mile of the subject. The properties are described as one or two-story, masonry or frame and masonry, single-family dwellings with one full to three and one-half baths, a full basement, and one or three fireplaces. The properties range: in age from seven to thirteen years; in size from 1,249 to 4,082 square feet of living area; and in improvement assessments from \$26.95 to \$42.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of eight properties suggested as comparable to the subject. The PTAB finds the board of review's comparables #1 and #4 and the appellant's comparables #2 and #3 most similar to the subject in size, design, construction, and location. The properties are described as two-story, masonry, single-family dwellings with three and one-half baths, one to three fireplaces, full and unfinished basements for three of the properties, air conditioning. The properties range: in age from seven to sixteen years; in size from 3,928 to 4,219 square feet of living area; and in improvement assessments from \$15.83 to \$27.27 per square foot of living area. In comparison, the subject's improvement assessment of \$25.39 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
