

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Theodore Gault
DOCKET NO.: 07-25382.001-R-1
PARCEL NO.: 07-36-404-038-0000

The parties of record before the Property Tax Appeal Board are Theodore Gault, the appellant, by attorney Julie Realmuto, of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,392
IMPR.: \$ 20,386
TOTAL: \$ 29,778

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 1,377 square feet of living area. The dwelling is 34 years old and was constructed on a concrete slab foundation. Features of the home include central air conditioning and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story frame dwellings that range in age from 33 to 35 years old. The comparable dwellings range in size from 1,062 to 1,401 square feet of living area. Three of the comparables have full basements, three have central air conditioning and three have a fireplace. The appellant did not submit any information concerning garages for the comparables. The comparables have improvement assessments ranging from \$8.26 to \$9.64 per square foot of living area. The subject's improvement assessment is \$14.80 per square foot of living area. Limited data was submitted on three additional comparables. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of one-story frame dwellings that are 33 or 34 years old. The dwellings range in size from 1,248 to 1,377 square feet of living area. Two of the comparables have basements, two have central air conditioning, one has a fireplace and each has a garage. These properties have improvement assessments ranging from \$14.81 to \$18.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that no weight was given to three of the appellant's comparables due to the lack of descriptive evidence. The parties submitted eight comparables with descriptive evidence. The Board finds the board of review's comparables one and two were most similar to the subject. They were identical to the subject in design, exterior construction, age, size and foundation. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$14.81 and \$16.24 per square foot of living area. The subject's improvement assessment of \$14.80 per square foot of living area falls slightly below the assessments established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
