

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Serif Dukic
DOCKET NO.: 07-25386.001-R-1
PARCEL NO.: 07-18-410-003-0000

The parties of record before the Property Tax Appeal Board are Serif Dukic, the appellant, by attorney Julie Realmuto, of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,720
IMPR.: \$ 18,399
TOTAL: \$ 24,119

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 1,776 square feet of living area. The dwelling is 31 years old, constructed on a concrete slab foundation. Features of the home include central air conditioning and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame dwellings that are 30 or 31 years old. The comparable dwellings range in size from 1,674 to 1,992 square feet of living area. Three of the comparables have basements, two have central air conditioning and two have a fireplace. The appellant provided no information about garages for the comparables on the grid analysis. However, photographs of the comparables revealed they each had a two-car garage. The comparables have improvement assessments ranging from \$8.63 to \$11.96 per square foot of living area. The subject's improvement assessment is \$14.79 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that are 31 or 32 years old. The dwellings range in size from 1,667 to 1,774 square feet of living area. The comparables have partial basements, three have central air conditioning and three have a garage. These properties have improvement assessments ranging from \$15.70 to \$16.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by both parties were generally similar to the subject in physical characteristics. However, only the appellant's comparable three was similar to the subject in foundation. Thus, this comparable received the most weight in the Board's analysis. This comparable was practically identical to the subject in all respects and had an improvement assessment of \$10.36 per square foot. The subject's improvement assessment of \$14.79 per square foot of living area is above this assessment. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
