

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Clark  
DOCKET NO.: 07-25579.001-R-1 through 07-25579.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Richard Clark, the appellant(s), by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
07-25579.001-R-1	12-02-108-018-0000	7,128	28,332	\$35,460
07-25579.002-R-1	12-02-108-019-0000	7,128	18,888	\$26,016

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 5,940 square foot parcel of land improved with a 57-year old, one and one-half story, frame and masonry constructed, single-family dwelling containing 3,532 square feet of living area. Features of the subject include two baths, five bedrooms, air conditioning, one fireplace, and a one-car garage. The appellant argued unequal treatment in the assessment process.

In support of this equity argument, the appellant submitted assessment data for three properties located within seven miles of the subject. These properties are described as frame or masonry, single-family dwellings with between one and two baths, air conditioning and one fireplace for two of the properties, and a two-car garage. The properties range in age from 53 to 64 years and in size from 2,558 to 2,803 square feet of living area. The properties have improvement assessments that range from \$7.73 to \$10.42 per square foot of living area. The subject's improvement assessment is \$13.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$61,476 was

disclosed. In support of the subject's assessment, the board of review submitted descriptions and assessment information for three properties with one property located on the same block as the subject. The properties are described as one or one and one-half story, frame and masonry, single-family dwellings with between one and one-half and two baths, a full unfinished basement, one or two fireplaces, and a one or two-car garage. The properties range in age from 53 to 57 years and in size from 1,308 to 1,915 square feet of living area. The properties have improvement assessments that range from \$20.40 to \$25.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

At hearing the appellant's attorney, Ms. Mellissa Whitley and the board of review's analyst, Mr. Nicholas Jordan reiterated and summarized the evidence submitted and requested that the PTAB reduce or affirm the subject's assessment, respectively.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The Board finds the board of review's comparables most similar to the subject in size, age, location, and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$20.40 to \$25.41 per square foot of living area. The subject's improvement assessment of \$13.37 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
