

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Martino  
DOCKET NO.: 07-25611.001-R-1  
PARCEL NO.: 02-15-427-014-0000

The parties of record before the Property Tax Appeal Board are Nancy Martino, the appellant, by attorney Joseph G. Kusper, of Storino Ramello & Durkin in Rosemont; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 6,621  
**IMPR.:** \$ 16,122  
**TOTAL:** \$ 22,743

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject consists of a 8,712 square foot parcel of land improved with a one and half-story, single-family dwelling of frame construction containing 1,189 square feet of living area. The dwelling is 84 years old. Features of the home include a full unfinished basement and two bathrooms.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as one-story, frame single family dwellings that range in age from 33 to 56 years old. The comparable dwellings range in size from 857 to 960 square feet of living area. Features include one or two full bathrooms, a one-car or a two-car garage and a fireplace and a full unfinished basement for two properties. The comparables have improvement assessments ranging from \$9.94 to \$11.96 per square foot of living area. The subject's improvement assessment is \$16.27 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$25,965 was disclosed. The subject's improvement assessment is \$19,344 or \$16.27 per square foot of living area. The board of review

presented descriptions and assessment information on three comparable properties consisting of one and half-story, frame single-family dwellings that range in age from 83 to 96 years old. The dwellings range in size from 1,729 to 1,754 square feet of living area. The properties are located within a quarter mile of the subject property. Features include a full unfinished basement, from a one car-garage to a two-car garage and air conditioning for two properties. These properties have improvement assessments ranging from \$15.86 to \$16.15 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the six comparables submitted by the both parties are most similar to the subject in location, style, and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$9.94 to \$16.15 per square foot of living area. The subject's improvement assessment of \$16.27 per square foot of living area is above the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
