

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Casey  
DOCKET NO.: 07-25793.001-R-1  
PARCEL NO.: 13-19-108-005-0000

The parties of record before the Property Tax Appeal Board are Patrick Casey, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 5,874  
**IMPR.:** \$ 25,460  
**TOTAL:** \$ 31,334

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 113-year-old, one-story, mixed-use building of masonry construction containing 1,910 square feet of building area and located in Jefferson Township, Cook County. Features of the building include one full bathroom and a partial-unfinished basement.

The appellant appeared before the Property Tax Appeal Board claiming unequal treatment in the assessment process of the improvement as the basis of the appeal. In support of this claim, the appellant submitted assessment data and descriptive information on seven properties suggested as comparable to the subject. Based on the appellant's documents, the seven suggested comparables consist of two-story, mixed-use buildings of masonry construction with the same neighborhood code as the subject. The improvements range in size from 2,856 to 5,694 square feet of building area and range in age from 43 to 79 years old. The comparables contain three or four full bathrooms and a partial or full-unfinished basement. Three comparables contain central air-conditioning. The improvement assessments range from \$3.64 to

\$9.75 per square foot of building area. Based on the evidence submitted, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$31,334. The subject's improvement assessment is \$25,460 or \$13.33 per square foot of building area. In support of the assessment the board submitted property characteristic printouts and descriptive data on four properties suggested as comparable to the subject. The suggested comparables are improved with one-story, mixed-use buildings of masonry construction with the same neighborhood code as the subject. The improvements range in size from 1,058 to 1,798 square feet of building area and range in age from 48 to 80 years old. The comparables contain from one to four full bathrooms and a partial-unfinished basement. The improvement assessments range from \$15.48 to \$23.85 per square foot of building area. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After hearing the testimony and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the board's comparables one, two and three to be the most similar properties to the subject in the record. These three properties are similar to the subject in size, design, amenities, exterior construction and location and have improvement assessments ranging from \$15.48 to \$18.56 per square foot of building area. The subject's per square foot improvement assessment of \$13.33 falls below the range established by these properties. The board's one remaining comparable differs from the subject in improvement size and is accorded less weight. The Board finds the appellant's comparables significantly larger in size of building area as compared to the subject. In addition, they differ from the subject in design. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject, the Board finds the evidence submitted is insufficient to effect a change in the subject's assessment and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
