

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nineteen Forty-Six Hudson, Inc.
DOCKET NO.: 07-25794.001-R-1
PARCEL NO.: 14-33-306-028-0000

The parties of record before the Property Tax Appeal Board are Nineteen Forty-Six Hudson, Inc., the appellant, by attorney Mitchell L. Klein, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,442
IMPR: \$204,036
TOTAL: \$228,478

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-year old, 4,164 square foot, three-story, masonry, single-family dwelling. Features include a two-car garage, a full finished basement, air conditioning and a fireplace. The subject property is situated on a 2,952 square foot lot.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of this claim, the appellant submitted information on four suggested comparable properties located within one-quarter of a mile of the subject property with three of the suggested comparables located on the subject's street. The suggested comparables are three-story, masonry, single-family dwellings that range in age from four to nine years old and range in size from 3,936 to 4,400 square feet of living area. These comparables have improvement assessments that range from \$35.30 to \$58.07 per square foot of building area. The subject's improvement assessment is \$62.16 per square foot of

building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

In support of the subject's assessment, the board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$283,309 was disclosed. The board of review presented descriptions and assessment information on two suggested comparable properties located subject's subarea. The suggested comparables consist of three-story, masonry, single-family dwellings that range in age from two to four years old and range in size from 4,457 to 4,534 square feet of living area. Features include a two-car garage, a full basement, two or three fireplaces and air conditioning. These properties have improvement assessments that range from \$65.00 to \$87.39 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The parties submitted a total of six suggested comparable properties for the Board's consideration. The Board finds that comparables #2, #3 and #4 submitted by the appellant were the most similar to the subject in, location, size, exterior construction and design. These comparables had improvement assessments that ranged from \$41.61 to \$58.07 per square foot of building area. The subject's improvement assessment of \$62.16 per square foot of building area is above the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
