

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Mosena
DOCKET NO.: 07-25894.001-R-1
PARCEL NO.: 12-12-410-013-0000

The parties of record before the Property Tax Appeal Board are Ronald Mosena, the appellant, by attorney Edward Larkin, of Larkin & Larkin in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,448
IMPR.: \$ 30,104
TOTAL: \$ 38,552

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property contains a 5,280 square foot parcel of land improved with a two-story, single-family dwelling of masonry construction. The dwelling contains 1,115 square feet of living area and is 58 years old. Features of the home include one bathroom, air conditioning, a full unfinished basement, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted descriptions and assessment information on three comparable properties described as two-story frame or frame and masonry dwellings. They range in size from 1,958 to 2,008 square feet of living area, and in improvement assessments from \$19.05 to \$20.50 square feet of living area. Features include one bathroom, a partial or full basement, and two properties have a two-car or two and one-half car garage. The subject's improvement assessment is \$27.00 per square feet of living area. Based on this evidence, the

appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$38,552 was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story, masonry dwellings that are 59 years old. The dwellings contain 1,073 to 1,091 square feet of living area, one bathroom, and a full basement. Two of the properties have air conditioning and include a one and one-half car or a two-car garage. These properties have improvement assessments ranging from \$28.39 to \$30.30 per square foot of living area.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in size, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$28.39 to \$30.30 per square foot of living area. The subject's improvement assessment of \$27.00 per square foot of living area is below the range established by the most similar comparables. Therefore, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
