

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pedrag Popovic
DOCKET NO.: 07-25941.001-R-1
PARCEL NO.: 10-33-315-025-0000

The parties of record before the Property Tax Appeal Board are Pedrag Popovic, the appellant, by attorney Mitchell L. Klein of Schiller Klein PC, Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$15,840
IMPR: \$106,080
TOTAL: \$121,920**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry exterior construction containing 4,988 square feet of living area. The dwelling is 56 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a two-car attached garage. The property is located in Lincolnwood, Niles Township, Cook County.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story dwellings of masonry or frame and masonry exterior construction that range in age from 54 to 60 years old. The comparable dwellings range in size from 4,402 to 4,839 square feet of living area. Each comparable has a basement with two being partially finished, central air conditioning, a fireplace and a one or two-car attached garage. The comparables have improvement assessments ranging from \$17.34 to \$18.31 per square foot of living area. The subject's improvement assessment is \$21.27 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$89,285 or \$17.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment totaling \$121,920

was disclosed. The subject has an improvement assessment of \$106,080 or \$21.27 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story dwellings of masonry construction that range in age from 46 to 57 years old. The dwellings range in size from 3,987 to 4,600 square feet of living area. Two comparables have full basements finished with recreation rooms. Each comparable has central air conditioning, a fireplace and a two-car attached garage. These properties have improvement assessments ranging from \$21.27 to \$23.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the appellant and comparables #1 through #3 submitted by the board of review are similar to the subject in location, size, style, exterior construction, features and age. These comparables had improvement assessments that ranged from \$17.34 to \$23.04 per square foot of living area. The subject's improvement assessment of \$21.27 per square foot of living area is within the range established by these similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
