

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vincent DeSilvestro
DOCKET NO.: 07-25959.001-R-1
PARCEL NO.: 02-20-404-024-0000

The parties of record before the Property Tax Appeal Board are Vincent DeSilvestro, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,558
IMPR: \$124,270
TOTAL: \$139,828

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 48,620 square foot parcel of land improved with a 24-year old, two-story, masonry, single-family dwelling containing 7,310 square feet of living area, four and one-half baths, three fireplaces, air conditioning, and a full, finished basement. The appellant argued, via counsel, unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of four properties suggested as comparable and located within three-quarters of a mile from the subject. The properties are described as two-story, masonry or frame and masonry, single-family dwellings. Features include between three and five and one-half baths, between one and three fireplaces, air conditioning for three properties, and full basements with two finished. The properties range: in age from four to 38 years; in size from 6,476 to 7,370 square feet of living area; and have improvement assessments from \$14.96 to \$17.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$139,441 or \$19.08 per square foot of living area was disclosed. In support of the subject's assessment, the board of review submitted descriptions and assessment information on four properties suggested as comparable and located within the subject's neighborhood. The properties are described as a two-story, masonry, single-family dwellings. Features include two and two-half or three and one-half baths, one, two or three fireplaces, air conditioning, and partial or full basements with one finished. The properties range: in age from 23 to 32 years; in size from 5,012 to 5,644 square feet of living area; and improvement assessments from \$19.14 to \$22.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The parties presented a total of eight properties suggested as comparable. The PTAB finds the appellant's comparables most similar to the subject in age, size, design, location and/or construction. The properties range: in age from four to 38 years; in size from 6,476 to 7,370 square feet of living area; and have improvement assessments from \$14.96 to \$17.05 per square foot of living area. In comparison, the subject's improvement assessment of \$19.08 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
