

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tim Lankford  
DOCKET NO.: 07-26034.001-R-1  
PARCEL NO.: 05-27-108-005-0000

The parties of record before the Property Tax Appeal Board are Tim Lankford, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$46,060  
**IMPR:** \$164,138  
**TOTAL:** \$210,198

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of 16,450 square foot parcel of land improved with a 73-year old, two-story, masonry, single-family dwelling containing 4,377 square feet of living area, three and two-half baths, one fireplace, air conditioning, and a full, finished basement. The appellant argued, via counsel, unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of eight properties suggested as comparable and located within three-quarters of a mile from the subject. The properties are described as two-story, masonry or frame and masonry, single-family dwellings. Features include between one and one-half and four and one-half baths, one or two fireplaces, air conditioning for four properties, and partial or full basements with two finished. The properties range: in age from 70 to 83 years; in size from 3,954 to 4,710 square feet of living area; and have improvement assessments from \$28.49 to \$37.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$189,699 or \$43.34 per square foot of living area was disclosed. In support of the subject's assessment, the board of review submitted descriptions and assessment information on three properties suggested as comparable and located within a quarter-mile of the subject. The properties are described as a two-story, masonry, single-family dwellings. Features include between three and one-half and four and one-half baths, one or two fireplaces, air conditioning for two properties, and full basements with two finished. The properties range: in age from 68 to 82 years; in size from 2,560 to 3,760 square feet of living area; and improvement assessments from \$45.53 to \$52.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The parties presented a total of 11 properties suggested as comparable. The PTAB finds the appellant's comparables #1, #6, #7, and #8 most similar to the subject in age, size, design, and/or construction. The properties range: in age from 70 to 81 years; in size from 4,112 to 4,508 square feet of living area; and in improvement assessments from \$28.49 to \$37.86 per square foot of living area. In comparison, the subject's improvement assessment of \$43.34 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
