

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Heckler
DOCKET NO.: 07-26060.001-R-1
PARCEL NO.: 11-19-201-023-0000

The parties of record before the Property Tax Appeal Board are Brian Heckler, the appellant, by attorney Howard W. Melton, of Howard W. Melton and Associates in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$35,264
IMPR: \$85,294
TOTAL: \$120,558**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story dwelling of frame construction containing 3,463 square feet of living area. The dwelling is 114 years old. Features of the home include a full, unfinished basement, 2 fireplaces and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as 2-story frame or frame and masonry dwellings that range in age from 95 to 135 years old. The comparable dwellings range in size from 3,123 to 4,228 square feet of living area. All comparables feature full, unfinished basements and fireplaces. One has central air conditioning. All comparables have 1, 2, 2½ or 3-car garages. The comparables have improvement assessments ranging from \$23.94 to \$25.48 per square foot of living area. The subject's improvement assessment is \$33.26 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review did not present any descriptions or

assessment information on any comparable properties, but requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant were similar to the subject in location, size, style, exterior construction, features and age. These comparables had improvement assessments that ranged from \$23.94 to \$25.48 per square foot of living area. The subject's improvement assessment of \$33.26 per square foot of living area is above the range established by the comparables. The board of review submitted no evidence to refute the appellant's argument. After considering adjustments and the differences in the appellant's comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
