

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dana & Laura Connell  
DOCKET NO.: 07-26288.001-R-1  
PARCEL NO.: 05-21-321-046-0000

The parties of record before the Property Tax Appeal Board are Dana & Laura Connell, the appellants, by attorney David C. Dunkin, of Arnstein & Lehr in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 52,551  
**IMPR.:** \$ 132,128  
**TOTAL:** \$ 184,679

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of 25,265 square feet of land improved with a 54-year old, two-story, frame and masonry, single-family dwelling. The improvement contains 3,572 square feet of living area as well as two full and one half-baths, two fireplaces, and a two-car garage.

The appellants argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellants submitted detailed descriptive and assessment data for four suggested comparables as well as black and white photographs and property characteristic printouts for these properties. These suggested comparables range in improvement assessments from \$29.87 to \$34.00 per square foot. In comparison, the subject's improvement assessment is \$36.99 per square foot of living area. Based upon this analysis, the appellants requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$194,679. The board of review submitted detailed descriptive and assessment data relating to four suggested comparables. The properties range in improvement assessments from \$29.87 to \$48.14 per square foot. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the argument as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellants contend unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds that the appellants have not met this burden.

Upon due consideration of the detailed evidence submitted by the parties, the Board finds that the appellants' comparable #1 as well as the board of review's comparables #3 and #4 are most similar to the subject in style, improvement size, age and/or amenities. In analysis, the Board accorded most weight to these comparables, which range in improvement assessments from \$34.00 to \$43.54 per square foot of living area. The subject's improvement assessment at \$36.99 per square foot is within the range established by these comparables.

Therefore, the Board finds that the appellants have not demonstrated that the subject is inequitably assessed and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
