

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark McGuire
DOCKET NO.: 07-26423.001-R-1
PARCEL NO.: 05-21-304-008-0000

The parties of record before the Property Tax Appeal Board are Mark McGuire, the appellant, by attorney Edward Larkin, of Larkin & Larkin in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 28,908
IMPR.: \$ 90,328
TOTAL: \$ 119,236

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 9,900 square foot parcel of land improved with a 91-year old, two-story, frame, single-family dwelling, which is owner-occupied. The improvement contains 2,556 square feet of living area as well as two full baths and two half-baths, a full basement, and one fireplace.

The appellant argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment data for three suggested comparables as well as assessor database printouts. The properties are located within the subject's neighborhood. Each property is improved with a two-story, frame, single-family dwelling. They range: in bathrooms from one full and one half-baths to two full baths; in age from 88 to 134 years; in size from 2,235 to 2,540 square feet of living area; and in improvement assessments from \$23.86 to \$31.35 per square foot. Properties #1 and #2 contain basement area and either one or two fireplaces, while property #3 is sited on a slab with a multi-car garage, thereon. The subject's improvement assessment is \$35.34 per square foot of

living area. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$119,236. The board of review submitted descriptive and assessment data relating to four suggested comparables located in the subject's neighborhood. The properties are improved with a two-story, frame, single-family dwelling with two full and one half-baths. They range: in age from 83 to 109 years; in size from 2,241 to 2,322 square feet of living area; and in improvement assessments from \$35.56 to \$40.85 per square foot. The properties also include a partial or full basement and either one or two fireplaces. Properties #2 through #4 also include garage area. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the arguments as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds that the appellant has not met this burden.

The Board finds that comparables #1 and #3 submitted by the appellant as well as comparables #1 and #2 submitted by the board of review are most similar to the subject in exterior construction, improvement size, age and/or amenities. In analysis, the Board accorded most weight to these comparables. These comparables ranged in improvement assessments from \$23.86 to \$40.85 per square foot of living area. The subject's improvement assessment at \$35.34 per square foot is within the range established by these comparables.

Further, the Board accorded diminished weight to the remaining properties due to a disparity in improvement size and age.

Therefore, the Board finds that the appellant has not demonstrated that the subject is inequitably assessed and that the subject does not warrant a reduction in assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
