

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Thomas
DOCKET NO.: 07-26470.001-R-1
PARCEL NO.: 09-22-404-023-0000

The parties of record before the Property Tax Appeal Board are Bill Thomas, the appellant(s), by attorney Edward Larkin, of Larkin & Larkin in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 8,480
IMPR.: \$66,244
TOTAL: \$74,724**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property has 6,625 square feet of land, which is improved with a 23 year old, two-story, frame and masonry, single-family dwelling containing 3,304 square feet of living area. The dwelling's amenities include two and one-half baths, a full unfinished basement, air conditioning, a fireplace, and a two and one-half-car garage. The appellant's appeal is based on unequal treatment in the assessment process.

In support of the equity argument, the appellant, via counsel, submitted descriptive and assessment information on three properties suggested as comparable to the subject. These properties are described as two-story, masonry or frame and masonry, single-family dwellings that range in age from 23 to 55 years old, and in size from 2,563 to 3,782 square feet of living area. All of the suggested comparables have a full unfinished basement. The dwellings have from one to two and one-half baths. Additionally, all of the suggested comparables have air conditioning, two have a fireplace, and two have garages, ranging from a two-car to a two and one-half-car garage. These suggested comparables have improvement assessments ranging from \$16.14 to \$19.59 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$74,724 was disclosed. In support of the subject's assessment, the board of review presented descriptive and assessment information on four properties suggested as comparable to the subject. These properties are described as two-story, frame and masonry, single-family dwellings that range in age from 21 to 48 years old, and in size from 3,028 to 3,304 square feet of living area. The suggested comparables have either a full unfinished basement or a full basement with a formal recreation room. The dwellings have from two and two one-half to three and one-half baths. Additionally, all of the dwellings have air conditioning, a fireplace, ranging from one to two fireplaces, and a two-car garage. These suggested comparables have improvement assessments ranging from \$20.41 to \$21.55 per square foot of living area. The subject's assessment is \$20.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing Du Page Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment date, the Board finds that the appellant has not met this burden.

The Board finds that Comparable #2 submitted by the appellant, and all of the comparables submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features, and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$19.59 to \$21.55 per square foot of living area. The subject's improvement assessment of \$20.05 per square foot of living area is within the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the

subject, the Board finds that the subject's improvement assessment is equitable, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
