

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Noreen McGuire
DOCKET NO.: 07-26873.001-R-1 through 07-26873.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Noreen McGuire, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL

07-26873.002-R-1	14-29-408-017-0000	17,609	124,928	\$142,537

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of two parcels of land totaling 6,250 square feet and improved with an approximately 13-year old, two-story, masonry, single-family dwelling containing 4,371 square feet of living area, five and one-half baths, air conditioning, three fireplaces, and a full, finished basement. The appellant argued, via counsel, unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of 14 properties suggested as comparable. The properties are described as two or three-story, frame and masonry or masonry, single-family dwellings. Features include between two and one-half and five and one-half baths, between one and four fireplaces, air conditioning, and partial or full finished basements. The properties range: in age from 1 to 16 years; in size from 4,092 to 4,684 square feet of living area; and have improvement assessments from \$30.12 to \$44.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$249,856 or \$57.16 per square foot of living area was disclosed. In support of the subject's assessment, the board of review submitted descriptions and assessment information on two properties suggested as comparable. The properties are described as a two-story, masonry, single-family dwellings. Features include two and two-half or four and one-half baths, two fireplaces for one property, air conditioning, and a full basement with one finished. The properties are 7 and 10 years old, contain 4,576 and 4,467 square feet of living area, and have improvement assessments of \$86.86 and \$64.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of 16 properties suggested as comparable. The PTAB finds the appellant's comparables #1, #6, #7, #9, #10, and #14 and the board of review's comparable most similar to the subject in size, construction, and age. The properties range: in age from 1 to 12 years; in size from 4,209 to 4,576 square feet of living area; and in improvement assessments from \$30.12 to \$86.86 per square foot of living area. In comparison, the subject's improvement assessment of \$57.16 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
