

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: c/o Marino&Assoc, PC Raskin, Patti, & Russel Lisa
DOCKET NO.: 07-26911.001-R-1
PARCEL NO.: 14-07-408-012-0000

The parties of record before the Property Tax Appeal Board are c/o Marino&Assoc, PC Raskin, Patti, & Russel Lisa, the appellant(s), by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,337
IMPR.: \$50,738
TOTAL: \$62,075

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 2,976 square foot parcel of land improved with a 4-year old, two-story, frame, single-family dwelling containing 2,206 square feet of living area, three and one-half baths, air conditioning, and a full finished basement. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of three properties suggested as comparable and located within one and one-half blocks of the subject property. The properties are described as two-story, masonry or frame, single-family dwellings with between one and one-half and three and one-half baths, one or two fireplaces, air conditioning, and a two-car detached garage for two of the properties. The properties range: in age from three to 8 years; in size from 2,468 to 2,961 square feet of living area; and in improvement assessments from \$20.67 to \$24.45 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review did not submit "Board of Review Notes on Appeal" which would include present descriptions and assessment

information on any properties suggested as comparable and located within the subject's neighborhood.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The parties presented a total of three properties suggested as comparable to the subject. The PTAB finds the appellant's comparables most similar to the subject in size, design, age, exterior construction, and location. The properties are described as two-story, frame or masonry, single-family dwellings with between one and one-half and three and one-half baths, full basement, one to two fireplaces, and air conditioning. The properties range: in age from three and 8 years old; in size from 2,468 to 2,961 square feet of living area; and in improvement assessments from \$20.67 to \$24.45 per square foot of living area. In comparison, the subject's improvement assessment of \$26.18 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
