

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Barlow
DOCKET NO.: 07-27018.001-R-1
PARCEL NO.: 05-06-200-030-0000

The parties of record before the Property Tax Appeal Board are Nancy Barlow, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,767
IMPR: \$153,814
TOTAL: \$219,581

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 26,519 square foot parcel of land improved with a 99 year old, two-story, frame, single-family dwelling, with 5,397 square feet of living area, two full and three half baths, air conditioning, and a full partial finished unfinished basement with an apartment. The board further describes the subject as being in deluxe condition. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of 12 properties suggested as comparable and located within the subject's neighborhood. {There are a total of 12 comparables submitted however the numbers are mislabeled} The properties are described as two-story, stucco, frame, masonry or frame and masonry, single-family dwellings with three and a half to five baths, air conditioning for nine properties, one to three fireplaces for all 12 properties, and full or partial basements. The properties are 10 to 97 years old with 5,124 to 5,682 square

feet of living area and have improvement assessments from \$20.79 to \$31.26 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$194,032 or \$35.95 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, frame or masonry, single-family dwellings with three and a half to four full and two half baths, partial or full basements, air conditioning, and one to five fireplaces for all properties. The properties are four to 109 years old with 5,072 to 6,022 square feet of living area and have improvement assessments of \$26.50 to \$37.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The parties presented a total of 16 properties suggested as comparable to the subject. The PTAB finds the appellant's comparables #1, #5, #8, and #12 and the board of review's comparables #1 and #4 most similar to the subject in size, design, construction and age. The properties are described as two-story, stucco, frame or masonry, single-family dwellings. The properties are 75 to 109 years old with 5,072 to 5,576 square feet of living area and have improvement assessments from \$26.50 to \$31.00 per square foot of living area. In comparison, the subject's improvement assessment of \$35.95 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
