

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcus C. Jaeger
DOCKET NO.: 07-27291.001-R-1
PARCEL NO.: 06-27-310-001-0000

The parties of record before the Property Tax Appeal Board are Marcus C. Jaeger, the appellant(s), by attorney John P. Fitzgerald, of John P. Fitzgerald, Ltd. in Chicago; and the Cook County Board of Review.

The parties of record before the Property Tax Appeal Board are Marcus C. Jaeger, the appellant, by attorney John P. Fitzgerald, of John P. Fitzgerald, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 22,752
IMPR.: \$ 47,743
TOTAL: \$ 70,495

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property contains a 23,701 square foot parcel of land improved with a two-story dwelling of frame construction containing 4,433 square feet of living area. The dwelling is ten years old. Features of the home include three and two half-baths and air conditioning.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted description and assessment information on four comparable properties described as two-story frame dwellings that range in age from three to four years old. The comparable dwellings range in size from 4,140 to 4,154 square feet of living area. All comparables have air conditioning, two and one half-baths to three and one half-baths,

and two properties have one fireplace. The comparables have improvement assessments ranging from \$8.48 to \$9.08 per square foot of living area. The subject's improvement assessment is \$10.77 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$70,495 was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that range in age from 7 to 19 years old. The dwellings range in size from 4,019 to 4,457 square feet of living area. All comparables have a partial or full unfinished basement, air conditioning, one fireplace, two and one half-baths to three baths, and a two and one-half car to three and one-half car garage. These properties have improvement assessments ranging from \$10.85 to \$12.23 per square foot of living area.

The board of review also indicated the subject sold in June 2006 for a price of \$740,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #1 and #2 submitted by the appellant and comparables #3 and #4 submitted by the board of review were all similar to the subject in style, exterior construction, features and age. These comparables had improvement assessments that ranged from \$8.48 to \$12.23 per square foot of living area. The subject's improvement assessment of \$10.77 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
