

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carol Rosentreter
DOCKET NO.: 07-27724.001-R-1
PARCEL NO.: 18-19-205-045-0000

The parties of record before the Property Tax Appeal Board are Carol Rosentreter, the appellant, by attorney Thomas J. Thorson in Oak Park, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$17,145
IMPR.: \$50,788
TOTAL: \$67,933**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story¹ dwelling of frame and masonry construction containing 2,984 square feet of living area. The dwelling is 45 years old. Features of the home include a partial, finished basement, central air conditioning, 2 fireplaces and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as 1 or 2-story frame and masonry dwellings that range in age from 36 to 48 years old. The comparable dwellings range in size from 2,179 to 3,390 square feet of living area. Three of the comparables feature full or partial basements, two of which are finished, and one is on a crawl-space foundation. All have central air conditioning, 1 or 2 fireplaces and 2 or 2½-car garages. The comparables have improvement assessments ranging from \$11.05 to \$12.33 per square foot of living area. The subject's improvement assessment is \$17.02 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

¹ Although the photographic evidence suggests this is a one-story dwelling, the appellant did not dispute this in their appeal.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of 2-story frame and masonry dwellings that range in age from 37 to 48 years old. The dwellings range in size from 2,812 to 3,099 square feet of living area. All of the comparables feature central air conditioning and 2-car garages. Three have fireplaces. These properties have improvement assessments ranging from \$11.25 to \$18.01 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Comparables #2, #3 and #4 submitted by the appellant were one-story dwellings, and appellant's comparables #2 and #4 were much different in size from the subject. Therefore, these three comparables were given less weight in the Board's analysis. The Board finds comparable #1 submitted by the appellant and all four comparables submitted by the board of review were most similar to the subject in size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$11.25 to \$18.01 per square foot of living area. The subject's improvement assessment of \$17.02 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
