

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ada Damiani  
DOCKET NO.: 07-28079.001-R-1  
PARCEL NO.: 29-03-100-009-0000

The parties of record before the Property Tax Appeal Board are Ada Damiani, the appellant(s), by attorney Dennis M. Nolan, of Dennis M. Nolan, P.C. in Bartlett; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 3,618  
**IMPR.:** \$ 17,476  
**TOTAL:** \$ 21,094

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject has 11,309 square feet of land, which is improved with a 101 year old, two-story, masonry, mixed-use building. The subject's improvement size is 3,360 square feet of building area, which equates to an improvement assessment of \$5.20 per square foot of building area. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive information for 31 properties suggested as comparable to the subject. However, no assessment information was included for these properties, and minimal descriptive data was included in the appellant's evidence. Indeed, many of the properties had no descriptive data at all. The comparables with descriptive information are described as frame or masonry, single-family, multi-family, or mixed-use buildings. Additionally, the comparables have from 882 to 3,360 square feet of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's improvement assessment of \$17,476 was disclosed. In support of the subject's

assessment, the board of review submitted descriptive and assessment information for two properties suggested as comparable to the subject. The comparables are described as two-story, masonry, mixed-use buildings. Additionally, the comparables range: in age from 38 to 54 years; in size from 4,777 to 5,858 square feet of building area; and in improvement assessments from \$4.34 to \$5.51 per square foot of building area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that none of the comparables submitted by the parties were similar to the subject in location, size, style, exterior construction, features, and/or age. As such, the Board finds that the appellant has not met the burden of clear and convincing evidence, as there is no range of equity comparables with which to compare the subject. Therefore, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
