

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lonny & Christine Davis
DOCKET NO.: 07-28266.001-C-1
PARCEL NO.: 01-04-301-003-0000

The parties of record before the Property Tax Appeal Board are Lonny & Christine Davis, the appellant(s), by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,206
IMPR.: \$0
TOTAL: \$65,206

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 197,597 square foot parcel of vacant land. The appellant argued unequal treatment in the assessment process as the basis of the appeal.

In support of this equity argument, the appellant submitted limited assessment data for four properties. These properties are described as vacant parcels of land located within the subject's neighborhood. The properties range in size from 2,657 to 6,660 square feet of land area. The properties have land assessments that range from \$0.12 to \$13.17 per square foot of land area. The subject's land assessment is \$0.33 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$65,206 was disclosed. The board of review presented descriptions and assessment data for eight vacant parcels of land. In support of the equity data, the board of review submitted each properties' record card. The properties land area range in size from 11,636 to 212,137 square feet and have land assessments that range from \$0.32 to \$0.33 per square foot of land area. As a result of its analysis, the board requested confirmation of the subject's assessment.

At hearing, the Board requested that the appellant's attorney, Mr. Michael Griffin, submit additional evidence confirming and verifying each comparables' assessment information by Monday, March 11, 2013. The board of review analyst, Mr. Jabari Jackson, testified that appellant's comparable #2 is smaller in size than the subject. The appellant's attorney stated that the comparables are within two miles of the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The Board finds the board of review's and the appellant's comparables are most similar to the subject. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had land assessments that range from \$0.12 to \$13.17 per square foot of land area. The subject's land assessment of \$0.33 per square foot of land area is within the range of the most similar comparables. After considering adjustments and the differences in the appellant's comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
