

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andre Jankowski
DOCKET NO.: 07-28359.001-R-1
PARCEL NO.: 03-23-318-017-0000

The parties of record before the Property Tax Appeal Board are Andre Jankowski, the appellant, by attorney Dennis W. Hetler of Dennis W. Hetler & Associates PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,189
IMPR.: \$34,003
TOTAL: \$48,192

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a Class 2-78 residential property located in the Wheeling Township, Cook County, Illinois. The subject property is improved with a two-story dwelling of frame and masonry construction containing 2,457 square feet of living area. The dwelling is 21 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 2.5-car garage.

The appellant submitted evidence to the Property Tax Appeal Board claiming the subject's assessment was not reflective of its fair market value. In support of this claim, the appellant submitted an appraisal report wherein the subject property was estimated to have a fair market value of \$480,000 as of November 11, 2007, the appraiser used the sales comparison approach in concluding the value for the subject. Based on this evidence, the appellant requested a reduction in the subject's assessed valuation to \$39,120.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$62,101 was disclosed. The subject's assessment reflects an estimated market value of \$618,536 using Cook County's 2007 three-year median

level of assessments of 10.04% for Class 2 residential property as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted an equity analysis detailing four assessment comparables to demonstrate the subject property was being uniformly assessed. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted

The appellant contends the market value of the subject property is not accurately reflected in its assessment. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant argued the subject's assessment was not reflective of its fair market value based on an appraisal report, wherein the subject property was estimated to have a fair market value of \$480,000 as of January 1, 2007. The board of review submitted an equity analysis of four suggested comparables to demonstrate the subject was being uniformly assessed. No sales comparisons were submitted by the board of review. The Board finds the equity analysis fails to address the market value argument raised by the appellant. The Board gave significant weight to the appraisal's sales comparison approach.

Based on this record, the Board finds the best evidence of the subject's fair market value is the appraisal submitted by the appellant for \$480,000. The subject's assessment reflects an estimated market value of \$618,536, which is considerably higher than the appraisal submitted by the appellant. Therefore, a reduction in the subject's assessment is warranted. Since fair market value has been established, Cook County's 2007 three-year median level of assessments of 10.04% for Class 2 residential property shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
